

SUMIT YADAV

Full Stack Developer | Next.js · React · Node.js

Lucknow, India | +91 7870341191 | syadav787034@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with a solid MERN foundation (React.js, Node.js, Express.js, MongoDB) and working knowledge of Next.js, with hands-on experience designing and deploying full-stack web applications — REST API development, JWT authentication, payment gateway integration, and responsive UI development. Delivered 3 production-style projects spanning AI-powered productivity, a UI marketplace, and e-commerce. Solid foundation in Data Structures & Algorithms, OOP, DBMS, and Git/GitHub workflows. Seeking an entry-level Software Developer / Full Stack Developer role, ideally building with Next.js, to build and ship reliable, user-facing features.

TECHNICAL SKILLS

Languages: Java, JavaScript, C

Frontend: Next.js, React.js, Tailwind CSS, HTML5, CSS3, Responsive Web Design

Backend: Node.js, Express.js, REST API Development, API Testing (Postman)

Databases: MongoDB (Mongoose), MySQL

Auth & Payments: JWT, Role-Based Access Control (RBAC), Razorpay Payment Gateway

Tools & Deployment: Git, GitHub, VS Code, Vercel, Render

Core CS: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems

PROJECTS

CodeFusion — UI Component Marketplace [\(Live Demo\)](#)

React.js (Vite) · Node.js · Express.js · MongoDB · JWT · Razorpay · Resend

- Built a full-stack marketplace featuring 160+ production-ready UI components across 13+ categories, with sandboxed live previews and copy-paste HTML/CSS/JS code and prompt.
- Implemented JWT authentication, token-based premium access, Razorpay subscriptions/payments, and Resend-powered OTP/email verification.
- Developed wishlist, reviews, and curated collections (Trending/Free/Premium) using dedicated Mongoose models and RESTful APIs.
- Built a dedicated admin dashboard for product, platform settings, and analytics management, with a responsive React/Vite frontend supporting light/dark themes and interactive UI.

LifeNexus — AI-Powered Personal Life Management Platform [\(Live Demo\)](#)

React (Vite) · Node.js · Express.js · MongoDB · JWT · Google Gemini API · Vercel · Render

- Architected a full-stack AI-powered productivity platform to organize tasks, goals, routines, calendar, and notes in one dashboard, with JWT access/refresh-token authentication and HTTP-only cookies.
- Integrated Google Gemini API for personalized planning and conversational AI assistance (e.g., generating custom study/reading timetables from natural-language requests).
- Deployed the React/Vite frontend on Vercel and Node.js/Express backend on Render with MongoDB, and resolved production issues including CORS configuration, SPA routing 404s, and a React useEffect cleanup crash.

Nova — E-Commerce Store [\(Live Demo\)](#)

React.js · Node.js · Express.js · MongoDB · Tailwind CSS

- Developed a full-stack e-commerce app (product browsing, cart, checkout, order management) with a responsive React.js/Tailwind CSS UI, REST APIs, MongoDB schemas, and an admin panel for product/user/order management.

EXPERIENCE

Freelance MERN Stack Developer

May 2026 – Present

- Delivering full-stack web applications for clients end to end — requirement gathering, React/Node development, MongoDB data modeling, and deployment.

Innovation & Design Thinking Intern — ERA Foundation, AKTU Campus

Feb 2025 – Jun 2025

- Designed an offline-first mobile app prototype in Figma for foreign tourists visiting Rumi Darwaza, Lucknow.
- Collaborated with a cross-functional team on backend-related features supporting the tourism application's core functionality.

EDUCATION

BBDNIIT, Lucknow — B.Tech, Computer Science & Engineering

2022 – 2026

CGPA: 7.13

M.A.V.M., Kasia, Kushinagar — 12th (UP Board): 69.4% · 10th (UP Board): 79%

2020 – 2022

CERTIFICATIONS

- Programming in Java — NPTEL, IIT Kharagpur (Jan – Apr 2025)
- MERN Stack Development & DSA — DUCAT, Noida (Jul – Aug 2025)
- Soft Skills Program — Learnovate Enterprises (Apr 2026)
